Army Corps of Engineers Internship Opportunities 2024

Description

Join the **U.S. Army Corps of Engineers (USACE)**, a premier engineering and construction agency, for an impactful internship experience in 2024! Contribute to vital projects while gaining hands-on experience in various fields like:

- **Civil Engineering:** Design and implement infrastructure projects like dams, levees, and waterways.
- **Environmental Engineering:** Address environmental challenges and ensure project sustainability.
- **Coastal Engineering:** Protect shorelines and manage coastal resources.
- **Geospatial Engineering:** Analyze and map terrain using advanced technologies.
- **Project Management:** Oversee various aspects of projects, ensuring efficiency and success.

Responsibilities

- Assist experienced engineers and professionals on assigned projects.
- Conduct research and analysis, contributing to technical reports and presentations.
- Participate in meetings and field visits, interacting with stakeholders and partners.
- Learn and apply relevant software and engineering tools.
- Adhere to safety protocols and maintain a professional demeanor.

Qualifications

- Currently enrolled in an undergraduate or graduate program in engineering, science, technology, or a related field.
- Minimum GPA of 3.0 required.
- U.S. citizenship or permanent resident status required.

Experience

- Prior internship or research experience in a relevant field is preferred but not required.
- Strong work ethic and a desire to learn are essential.

Skills

- Strong analytical and problem-solving skills.
- Excellent communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Proficient in Microsoft Office Suite and relevant software programs.
- Attention to detail and accuracy.
- Adaptability and willingness to learn new concepts.
