Description

The Council of Economic Advisers (CEA) offers exceptional internship opportunities for high-potential students across a wide range of economic disciplines. Join a team of expert economists and contribute to projects with real-world implications for the U.S. economy. Gain valuable hands-on experience, learn from leading professionals, and explore potential career paths within the heart of economic policymaking.

Responsibilities

- Conducting research and analyzing economic data on various topics (e.g., macroeconomics, microeconomics, international trade)
- Assisting with the development of policy briefs and reports for senior officials
- Contributing to presentations and economic models
- Participating in workshops, conferences, and professional development opportunities
- Shadowing CEA economists and learning about different career paths

Qualifications

- Currently enrolled in an accredited undergraduate or graduate program in economics, business, finance, or a related field (dependent on the internship)
- Minimum GPA of 3.5 (exceptions may be considered)
- Strong analytical and research skills
- Excellent written and verbal communication skills
- Ability to work independently and as part of a team
- Demonstrated interest in economics and public policy
- Commitment to excellence and a strong work ethic

Experience

- Previous research experience or coursework in economics highly preferred
- Familiarity with statistical software and data analysis tools a plus
- Bilingual language skills a plus for certain positions

Skills

- Proficient in Microsoft Office Suite and other relevant software
- Strong attention to detail and accuracy
- Ability to manage time effectively and meet deadlines
- Adaptability and willingness to learn new things

Job Benefits

- Gain valuable hands-on experience in economic policy analysis

- Learn from top economists and contribute to meaningful work
- Network with potential employers and build your professional network
- Enhance your resume and prepare for future career opportunities in economics and related fields
