Con Edison Summer Internship Graduate Program 2026

Description

Embark on a rewarding summer experience with the Con Edison Summer Internship Graduate Program for 2026. This program offers graduate students the opportunity to work with a leader in the energy industry, gaining hands-on experience, professional development, and exposure to innovative projects. Join us in shaping the future of energy and contributing to sustainable solutions.

Responsibilities

- Collaborate with cross-functional teams on key projects within the energy sector.
- Conduct research, analysis, and contribute to the development of strategic initiatives.
- Assist in data collection, interpretation, and preparation of reports.
- Engage in meetings, workshops, and training sessions to enhance skills and knowledge.
- Work closely with mentors and managers to ensure a meaningful learning experience.
- Contribute to the overall success of the organization through active participation.

Qualifications

- Enrolled in a graduate program in a relevant field (e.g., Engineering, Business, Environmental Science, etc.).
- Strong academic performance with a minimum GPA of 3.0.
- Excellent communication and interpersonal skills.
- Demonstrated leadership abilities and a proactive mindset.
- Ability to work independently and collaboratively in a dynamic environment.
- Passion for the energy industry and commitment to sustainability.

Experience

- Previous internship or work experience in a related field is a plus.
- Familiarity with the energy industry or utilities is advantageous.
- Experience in project management or research is beneficial.

Skills

- Analytical skills with proficiency in data analysis tools.
- Strong organizational and time-management skills.
- Effective communication and presentation abilities.
- Adaptability and willingness to learn new technologies.
- Proficient in Microsoft Office Suite.
