FDA Internship Undergraduate Students Program 2026

Description

The U.S. Food and Drug Administration (FDA) is offering a unique Internship Program for Undergraduate Students in 2026, providing an unparalleled opportunity to gain hands-on experience in regulatory science and public health. Join us in making a significant impact on public health while advancing your career.

Responsibilities

- Collaborate with FDA professionals on regulatory and scientific projects.
- Assist in research, analysis, and evaluation of regulatory data.
- Contribute to the development and implementation of public health initiatives.
- Participate in workshops, seminars, and training sessions.
- Support administrative tasks related to FDA programs.
- Engage in networking events and professional development activities.

Qualifications

- Currently enrolled as an undergraduate student in a relevant field.
- Strong academic record with a focus on biology, chemistry, public health, or a related discipline.
- Excellent written and verbal communication skills.
- Demonstrated interest in regulatory science and public health.

Experience

- Previous coursework or research experience related to regulatory affairs or public health is preferred.
- Familiarity with FDA regulations and processes is advantageous but not mandatory.
- Eagerness to learn and contribute to public health initiatives.

Skills

- Proficient in Microsoft Office suite.
- Analytical and critical-thinking skills.
- Detail-oriented with strong organizational abilities.
- Ability to work collaboratively in a team environment.

Job Benefits

- Valuable experience in regulatory science and public health.
- Exposure to diverse projects and initiatives within the FDA.
- Networking opportunities with professionals in regulatory affairs.
- Mentorship from experienced FDA professionals.
- Potential for future career opportunities within the FDA.
