## WEC Energy Group Internship For Students 2024

### Description

As a WEC Energy Group intern, you'll be placed in a specific department based on your interests and qualifications. You'll collaborate with experienced professionals on projects related to:

- **Engineering:** Assist with power generation, transmission, and distribution projects, exploring renewable energy technologies like solar and wind.
- **Information Technology:** Support IT infrastructure, software development, and cybersecurity initiatives for efficient operations.
- **Operations & Maintenance:** Gain firsthand experience in power plant operations, equipment maintenance, and grid reliability efforts.
- **Regulatory & Environmental Affairs:** Assist with regulatory compliance, environmental sustainability programs, and community engagement initiatives.
- **Finance & Accounting:** Learn about financial analysis, budgeting, and risk management within the energy sector.
- **Marketing & Communications:** Support marketing campaigns, public relations efforts, and social media strategies.

### Responsibilities

- Assist with assigned projects under the guidance of experienced mentors.
- Conduct research, collect data, and prepare reports relevant to your internship area.
- Participate in meetings, trainings, and potential site visits.
- Contribute to maintaining a professional and collaborative work environment.
- Specific tasks will vary depending on the chosen department and program focus.

### Qualifications

- Currently enrolled in an accredited undergraduate or graduate program (requirements may vary depending on program).
- Minimum GPA of 3.0 required (may vary depending on program).
- Strong communication, analytical, and problem-solving skills.
- Ability to work independently and as part of a team.
- Proficient in Microsoft Office Suite, with additional software skills preferred depending on the program.
- U.S. citizenship or valid work authorization may be required (check specific program guidelines).

### Experience

- Prior internship or relevant work experience preferred, but not required.
- Experience in your field of study or a related field is a plus.
- Strong academic performance demonstrates your ability to excel in the
